

SCDSS Child Care Conference Procedures

Center for Child Care Career Development

Attention Facilitators
New procedures for conference participants!
Please read!

1. You have received barcode label sheets for each session or sessions that your assigned instructor is teaching at this conference.

2. At the end of each session, please give each person a barcode label. Participants must attach this label to their *Conference Attendance Form* that they received at registration or downloaded from the CCCCDC website. (The Conference Attendance Form is available at the conference registration site or designated area.)

3. Any unused labels should be given to the conference coordinator after the session has ended.

Please note: It is important that you issue the barcode label only to participants who have attended the entire session.
